Sir,

I have the honour to state that a sum of Rs 4000/- only has been sanctioned for works to be carried out both under repairs and original works in the Budget of this Municipality approved for the year 1947-48 Out of this, bills pending to the the extent of nearly Rs 2000/- for the works carried out during 1946-47 had to be paid to the contractors during the current year Hence it is evident that out of Rs 2000/- very few items of works can be attended to in these costly days It is rather a fact that most of the roads have become so bad as to make the persons unable to walk in the season and out of season having in view this point, the Council at their adjourned meeting held on 29-2-48 resolved that the Deputy Commissioner be requested to recommend to Government to sanction another five thousand rupees under this head as most of the roads require immediate attention, the amount being spent out of the Closing Balance of the Municipality , as the Municipality has derived an income of Rs-16777/- by the sale of sites I may further add that a like sum is expected from the sale of remaining Municipal sites the auction of which is likely to take place in this month It is therefore requested that you will be good enough to recommend to the resolution of the Municipal Council for according Government sanction A copy of the resolution is herewith enclosed for kind perusal

I have the honour to be
Sir
